Justice of Peace— C. M. Sturtevant, J. B. Candon, P.
McDevitt, D. D. Burditt, J. A. Eayres, R. W. Barnard,
L. S. Kendall

Selectmen's Report.

In presenting this, we have nothing out of the usual to report. General repairs on our bridges, culverts, guard rails, including the cutting of brush and material used, has cost \$312.31. We have made some much needed repairs in our Town Hall kitchen; laid a new floor, cut an opening through into the hall and painted the wood work, at a cost of \$26.93. Received for rents of hall \$38.00; piano \$30.00. Paid for tuning piano \$3.50. The Schools of the Town have had the use of the hall and piano free, ten evenings, Band three, and Lady Foresters one. The Town Clerk's office has received some finishing touches, in the way of grille work and shelving, which adds much to the convenience of the office. The damage done by dogs amounts to \$177.15. The law requires every dog to wear a collar, distinctly marked with owner's or keeper's name and registered number. This will be strictly enforced hereafter. Received for licenses on 199 male and 23 female dogs \$296.00.

Orders have been drawn on the Treasurer as follows :

Selectmen, 1910.

Overseer of Poor's Report

For Year Ending February 1st, 1911.

It has cost the town the last year \$1,490.22 to keep the poor. The following individuals have been helped, some are boarded at the farm and some are boarded away from the farm.

BOARDED AT FARM AT PRESENT TIME.

Julia Rugg, John Shepard, Henry Fredette, Jr., wife and four children, Mrs. James Wescott Rollins.

FAMILIES WHO WERE HELPED AWAY FROM THE FARM.

Albert Pratt and family, Noah Fredette and family, Julia Rivers, hospital expenses, Frank O'Neil and family, Mr. and Mrs. Bushey, George Alexander, Helen Leonard,

Philip Reckert's child's grave opened, Mrs. Frank Poro, funeral expenses, John Fredette and family, Mrs. McKeil.

There has been 160 rods of wire fence built on the farm, 230 feet of sewer pipe laid, 160 feet of water pipe laid, one chimney rebuilt from ground up. The following tools are on the farm now: one weeder, two bars, and two cable chains. All vouchers will be left at town clerk's office for benefit of anyone that wishes to see them.

ORDERS GIVEN BY OVERSEER OF POOR.

In submitting the foregoing report we regret the increased cost of maintaining our schools. Owing to the fact that school buildings will wear out it has been necessary to lay some new floors and newly seat and desk some of the school rooms. Also, because of there being more scholars for the Intermediate room in the village, we were obliged to rent a room in the hotel which we were obliged to furnish, and placed the 9th grade there necessitating the hiring of another teacher. Some of the parents whose children were sent to the hotel room objected to their children going to that room until after the State Board of Health pronounced it sanitary and suitable for present use, but the State Board condemned the Intermediate room and gave us notice that a more suitable room must be furnished soon.

All of our school rooms are full and more ample accommodations are very much needed. One other thing should be attended to at once if we are to continue the transportation of scholars. There should be more suitable wagons or carriages provided. All of the children who are carried by the town have long rides and in bad weather the exposure is bad for them. Many of the parents of young children dislike very much to have their children so exposed. We would like to have the town give us some instructions in the matter.

THOMAS J. HAGAN,
ROLLIN C. SMITH,
AMOS D. TIFFANY,

School Directors.

Report of Special Committee

On New Central School Building.

To the Voters of the Town of Pittsford :

The committee appointed at the last annual Town meeting to investigate the matter of a new central school building for the Town of Pittsford respectfully reports as follows :

LOCATION.

We have considered with especial care the following locations :

1st. The property owned by Mrs. A. D. Heath, constitutes a location in everyway desirable, if the voters are willing to place the building there. With the present buildings removed the frontage is ample and a rise of ground toward the rear of the lot is an ideal spot for a school building. The lot, however, is not large enough for a play ground but land owned by Henry H. Peabody, at the rear of Mrs. Heaths' lot, could be added in any amount desired by the Town and is entirely satisfactory for the purpose.

2d. The house and lot owned by Dr. T. J. Hagan, including the so-called "Warner Field." We are of the opinion that this lot has not sufficient frontage to have a school house built thereon fronting on the highway. The frontage is 103.3 feet. The house of Mrs. Belcher is close to the line on one side and the Methodist Church but a little farther away on the other side. The proposed building will be about 80 feet front, so that if placed here it would have a good sized building on each side and only about 20 feet away. This we believe to be an objection. If the church sheds could be removed it might be possible to locate the building farther to the rear of the lot and have unobstructed light in the school

an advisory member. Under the circumstances the committee deemed it best to take no action.

Mr. John A. Eayres resigned from the committee August 7, 1911, and his place has not been filled.

The committee were unable to secure the Lothrop Fund and money was secured otherwise according to the vote of the town and as appears in the treasurer's report. The present status of the matter of the Lothrop Fund appears from a communication printed elsewhere in this town report.

The committee elected Mr. Henry L. Rourke, of Lowell, Mass., architect. The excavations were made and the foundation put in by days' labor under superintendence of Mr. P. E. Mooney, of the committee. The contract for the remainder of the building was let to Mr. T. W. Rogers, of Brandon, the lowest of a number of competitive bidders.

The land purchased, and the cost of same as well as the cost of the building fully appear from the financial report which follows.

1911.

rooms. It has been suggested that the building be located in the "Warner Field." It is doubtful if this can be done without interfering with the use of the lot as an athletic field. If this is attempted the Town should certainly secure the narrow strip of land belonging to Mrs. Belcher, lying between "Warner Field" and the cemetery.

3rd. By the purchase of Mrs. Belcher's house and lot in addition to the property mentioned in the preceeding paragraph the Town would have 218 feet frontage and an ideal site for a school house with an adequate athletic field. The only objection is the cost of buying and tearing down two houses.

4th. The remaining location considered, in many respects the best of all, is the rear portion of the Fenton property consisting of about one and one half acres together with enough of the property of Burditt and Tennien, lying between the Fenton property and Pleasant street, to give an outlet to Pleasant street. Perhaps part, or all, of the lot belonging to Clarence Weinle should also be secured. The school building would properly front toward Pleasant street. This would give a most desirable location for a handsome building, the most sightly of any in this part of the town. This location, however, would not of itself provide land enough for an athletic field. The Warner field, however, might be purchased for this purpose and connected with the Fenton lot by opening a narrow road, say thirty feet wide, between them running north of and adjacent to the cemetery property. This would mean purchasing of Wm. McCormick a piece of land 30 x 57 1-2 feet, of Edward Leahey a piece 30 x 148 1-2 feet, and of Mrs. Belcher a piece 30 x 40 feet. The roadway leading from the highway to the cemetery property should also be made a public road. The distance between the two tracts would be about 16 rods.

Your committee has spent a good deal of time and trouble in endeavoring to secure options on the various tracts of land mentioned which they have had under consideration but with

such unsatisfactory results that we have decided to quote no figures in this report. The Town has the power and the right to take by eminent domain the property it needs for school purposes. We recommend, therefore, that the town decide on what property it desires to secure for school purposes without any reference to what price the owners may have set on same or whether they have refused to set any price on same. When a committee with actual power to purchase has been constituted they will very likely be able to purchase the property decided on at a fair price. If not, the statutes of the state point out the course to pursue.

BUILDING.

Your committee has not felt authorized to decide on the size of the building to be erected or the number and grade of pupils it should accommodate. Nor did we deem it proper for us to spend money to secure plans or estimates as to cost of a building. Nevertheless we have made some investigations along this line.

The first question to decide is as to how many pupils, and of what grades, the new building should house. This raises the question as to the continued use of the present High school building, as it is well known that it is not the property of the Town. For a number of years the Town has been indebted to Miss Mary J. Eaton for the use of a building for its High and Grammar schools. This building was purchased by Miss Eaton and put in as good shape for the purpose as was reasonably possible. The Town has paid nothing for its use or repair and is certainly under very great obligations to Miss Eaton for her generosity. Miss Eaton has further assured your committee that the building is at the service of the Town so long as it is desired to be used for school purposes. Nevertheless your committee is of the opinion that so long as in any event a new building is necessary it will be wiser in the long run to abandon the present building. The saving of expense in fuel and janitor work will go far toward

paying interest on the extra cost of a new building. The superintendence will be easier and more efficient. Further, the present building, notwithstanding the money which has been so freely expended upon it, is not entirely satisfactory as a school building.

In particular, the stairway is narrow, crooked, and in case of fire, probably dangerous. The toilet facilities are inadequate. Moreover, there seems to be no way in which these defects can be remedied.

As to number of pupils and grades to be accommodated, any number of combinations is possible. Your committee has reached the conclusion that the interests of the Town will be best served by making the new building adequate for the High and Grammar school pupils and the Village and Mills Intermediates, allowing a generous percentage for future growth. This would continue in use the present Village and Mills school rooms for Primary pupils and they should be adequate for that purpose for many years. It would also leave the Hudson, Furnace and Gorham schools as at present. We believe no one contemplates the bringing of the pupils from the west side of Otter Creek to a central building on the east side. For many reasons this seems out of the question. It would be, however, entirely possible to bring all the pupils on the east side to a central building. That the voters may understand what this involves we give here the present enrollment substantially of these schools, fall term, 1910 :

High school, 57.

Grammar school, 36.

Mills Intermediate

Village Intermediate

6th year, 15

6th year, 12

5th year, 15

5th year, 17

4th year, 12

4th year, 11

Mills Primary

Village Primary

3rd year, 15

3rd year, 12

2nd year, 15

2nd year, 12

1st year, 15

1st year, 11

Hotel room, 7th year, 15

Gorham school, 35

Furnace school, 38

Hudson school, 28

It will be seen that the total number of pupils east of Otter Creek is 371. Allowing for increase, to accommodate all would require a building ample for nearly 500 pupils and would cost of brick probably between \$40,000 and \$50,000. It is our opinion that this expense is unnecessary and perhaps undesirable. It would mean a very large expense for carrying pupils and is subject to the objection many have to sending their little children so far from home for so long a day. Nevertheless some towns are doing just that thing.

On the basis heretofore recommended by your committee, namely : a building for High, Grammar, and Village and Mills Intermediates, about 250 pupils should be planned for, the present number being 190.

Mr. Henry L. Rourke, an architect of Lowell, Mass., who makes a specialty of school buildings, has visited our town, and looked at each of the sites suggested. He has kindly agreed to make a sketch of a floor plan of such a building. It is expected that this sketch will be received and be on exhibition before town meeting.

Such a building ample for 250 pupils of the grade named built of brick with stone trimmings and with best modern heating, ventilation and sanitary accommodations would probably cost about \$25,000. If the Town desires to include more schools they can be added at a probable cost of around \$4,000 for each schoolroom for 48 pupils. If the Town decides to retain the use of the present High school building the new one can be built for correspondingly less money. It is proper to add that Mr. Rourke has aided your committee voluntarily and they have incurred no obligations to him pecuniary or otherwise. They desire to record here however, their appreciation of his kindness.

Your committee has also had made by Mr. Haseltine of this

town a plot of the land between the Methodist church and Pleasant street. This plot will also be placed on exhibition and should aid materially in deciding on the best location for the new building.

LOTHROP FUND.

The will of the Hon. Henry F. Lothrop, late of this town, contained the following:

If she should die leaving no issue or descendant of such issue then the said principal shall be paid and delivered to the Town of Pittsford for the support of a higher grade of public schools for the whole town, but the school building shall be located and always remain within the present limits of School District No. 3 in said town.

The fund derived by this clause and which it is expected will eventually become the property of the town of Pittsford amounts to about \$41,000. It has been suggested that Miss Manley, who receives the income from this fund during her lifetime, and the trustee, Hon. Henry O. Carpenter of Rutland, would turn this fund over to the Town at once, reserving to Miss Manley for life a certain annuity to be free from taxation. This fund is now netting Miss Manley, as we are informed over 5 per cent above taxes and all expenses. We have made some inquiry on the subject and have ascertained that the Town could sell its 4 per cent. bonds for a little less than par in the open market so that the proceeds would cost the town about 4.25 interest per annum. It is not impossible that a market might be found for the bonds at par so that the interest would be only 4 per cent. Further, the town is now receiving annually taxes on about one-half of the fund, or say 3-4 of one per cent. on \$40,000.00 which it would lose if we took over the fund. It is obvious therefore that the Town would lose money if it paid over 3 1-2 per cent. for this fund, or perhaps 2 per cent. less than Miss Manley now receives. Under these circumstances, having in view the situation of the Town and of Miss Manley we are unable to see how it can be to their mutual advantage to enter into the pro-

posed arrangement. We advise, therefore that the Town borrow the money to build the school house and wait for its legacy until it becomes payable under the terms of the will.

Immediate payment had probably best be taken care of by short time loans which the treasurer should be authorized to make. After the expense is known bonds can be issued and sold if desired.

In conclusion your committee desires to say that there seems to be no escape from the proposition that the Town must provide at once additional school accommodations.

Some of the rooms now used would scarcely escape condemnation if complaint were made to the Board of Health. While therefore it is necessary to provide some additional room we believe it to be everyway most desirable that a building be erected which will permanently solve our problem, which will afford ample and satisfactory school facilities and which will be a credit and honor to our town.

We are aware that it was expected by many that this report would have been completed in the spring of 1910, and a special town meeting called and the work of building at once begun. We were unable to satisfactorily complete our work so that building could have been begun early last season.

Further, it is well known that a special town meeting is never well attended. The matters herein discussed are of such vital importance to the Town that we believed they should be referred to the regular annual meeting when a full attendance of the voters of the Town could be expected.

Respectfully submitted,

ERNEST HITCHCOCK,
JOHN A. EAYRES,
JOHN B. CANDON,

Committee.

Report of Superintendent of Schools.

TO THE BOARD OF SCHOOL DIRECTORS,

Pittsford, Vermont.

GENTLEMEN :—I herewith submit my fourth annual report as Superintendent of Schools for the town of Pittsford.

TEACHERS.

During the spring term, which is the first term of the school year, the following teachers were employed in the several schools :

High School—Principal,	Standage G. Johndroe.
Latin and French,	Charlotte Hale.
English and History,	Kathleen Adams.
Grammar,	Jennie E. Cline.
Mills Intermediate,	Madaline Eayres.
Mills Primary,	Daisy Raleigh.
Village Intermediate,	May E. McCormack.
Village Primary,	Corinne Randall.
Florence Intermediate,	Siria Serri.
Florence Primary,	Lena Wood.
Fowler Intermediate,	Matilda McCormick.
Fowler Primary,	Elizabeth Kelley.
Douglas,	Rena Smith.
Goodnough,	Constance Gulick.
Furnace,	Teresa Cline.
Hudson,	Rachel Jackson.
East Pittsford,	Rena Jackson.
Teacher of Music,	Nellie M. Horton.

Seven of the above teachers had ended their services to the schools before the fall term, some to accept better positions elsewhere, some to be married, and some from ill health, removal from town, etc., viz. Charlotte Hale, Madaline Eayres, Corinne Randall, Constance Gulick, Rachel Jackson, Rena Leonard, and Nellie Horton.

Siria Serri, was transferred to the Mills Intermediate school, and Rena Smith to the Hudson school. Teachers for the other schools were engaged as follows :

Edith N. Grout, a graduate of Middlebury College, as assistant in the high school ; Stella Ellis, Florence Edgerton, and Mary Carrigan, all graduates from the Castleton Normal School, for the Village Primary, Douglas and Goodnough schools respectively, and Eugenie Pinney, a graduate from the Lowell (Mass.) Normal School, for East Pittsford. On account of the overcrowded condition of the Village Intermediate school, an additional school was opened under the hotel, with Stella Hughes, a graduate of the Castleton Normal School, as teacher. The present corps of teachers, showing the school in which each teaches, the educational institution represented, and the number of years service in this town is as follows :

SUPERINTENDENT AND TEACHERS.

Name	Position	Educational Institution	Year of Service
Winthrop P. Abbott	Superintendent	Dartmouth College	4th
High School			
Standage G. Johnroe,	Principal	University of Vermont	2nd
Kathleen A. Adams	Assistant	Middlebury College	2nd
Edith N. Groat	"	"	1st
Elementary			
Jennie E. Cline	Grammar	West Rutland High School	8th
May E. McCormack	Village Intermediate	Castleton Normal School	7th
School			
Stella D. Ellis	" Primary	"	1st
Stella F. Hughes	Hotel	"	1st
Siria I. Serri	Mills Intermediate	"	2nd
Daisy Raleigh	Mills Primary	"	7th
Kate S. Graham	Florence Intermediate	" (Non Graduate)	1st
Lena E. Wood	" Primary	"	2nd
Matilda McCormick	Fowler Intermediate	"	4th
Elizabeth M. Kelley	" Primary	"	7th
Florence Edgerton	Douglas	"	1st
Mary G. Carrigan	Goodough	"	1st
Teresa G. Cline	Furnace	Rutland High School	4th
Rena B. Smith	Hudson	Castleton Normal School	2nd
Eugenie Pinney	East Pittsford	Lowell (Mass.) High School	1st
Special Teacher			
Lottie M. Dewey	Music	Normal School of Methods (Boston)	1st

A glance at the foregoing table shows that of the 15 elementary school teachers, 12 are graduates from Normal schools, 1 an attendant at a Normal school, and 2 graduates of High schools, and that all the teachers in the High school are College graduates.

SIGHT AND HEARING TEST.

The annual test of the sight and hearing of all pupils above seven years of age was made by the several teachers during the fall term with the following result :

Number of pupils examined	406
Number of pupils found defective	117
Percent of pupils found defective	28.8
Number of boys examined	205
Number of boys found defective	59
Percent of boys found defective	28.7
Number of girls examined	201
Number of girls found defective	58
Percent of girls found defective	28.8

Many parents have given the matter of defective vision of their children careful attention, after receiving the notices sent by the teachers, and have had their eyes examined by physicians and glasses provided.

ENROLLMENT.

The following table shows the number of pupils enrolled in the several schools each term :

	Spring	Fall	Winter
High School	58	58	57
Grammar	39	40	35
Mills Intermediate	42	42	39
Mills Primary	37	45	43
Village Intermediate	50	44	40
Village Primary	43	38	38
Hotel	—	15	17

	Spring	Fall	Winter
Florence Intermediate	17	17	19
Florence Primary	34	40	27
Fowler Intermediate	33	43	41
Fowler Primary	48	42	35
Douglas	19	20	18
Goodnough	33	36	31
Furnace	37	37	40
Hudson	22	30	28
East Pittsford	20	19	20
	532	566	528

This shows an increase over the enrollment of last year of 23 in the spring term, 20 in the fall term, and 16 in the winter term.

REPAIRS.

Repairs on the interior of the school buildings which were begun a year ago have been continued. A hardwood floor and new single seats and desks have been placed in the Primary room at the Florence school, a large ventilating furnace installed, and both rooms tinted, making neat and attractive rooms in this building. Single seats and desks have also been placed in the Douglas school. A new floor laid in the Intermediate room at the village, a large ventilating furnace installed in the Primary room, and the walls and ceiling at the Goodnough school tinted. Repairs should be continued in some of the other schools. A new floor and single seats and desks are needed at the Hudson school, a new floor at the Furnace, and both floor and single seats and desks at the school in East Pittsford.

NEW ROOM OPENED.

It became evident at the close of the spring term that the Intermediate room at the village would be overcrowded, and that additional room must be provided for elsewhere. The

only available room was the vacant room on the ground floor of the hotel. This was engaged, cleaned and fitted up for a temporary school room. 14 pupils were taken from the overcrowded room at the village, and 3 from the Mills school, making a seventh grade of 17 pupils. Miss Stella Hughes was engaged to teach this grade. After taking these 17 pupils from the other room, there still remained 40 pupils in one of the rooms and 41 in the other. This change was for the best interests of the pupils, as well as being necessary. This is the only school in town in which a single grade has the entire services of a teacher.

FOWLER SCHOOL.

The large attendance at the Fowler school, together with the character of the pupils who attend it, many of whom when they enter school are unable to speak the English language, make it impossible for the two teachers employed here to do the work expected or to do justice by the pupils.

The teachers feel that they are working against great odds and that some relief ought to be afforded them. The outlook for next year is that the attendance will be increased over that of this year. If this should prove to be so, I ask you to consider building an additional room to this school house, or if that is impossible at present, to consider employing an assistant teacher to aid in the work here. This school probably presents a more difficult problem than any school in town inasmuch as many who enter are unable to speak our language, do not understand our ways, and come from homes where habits, manner of living, and ideals are different from those of English speaking people, thus needing more individual attention than it is now possible to give to the many pupils.

IN GENERAL.

Through the interest of the teachers and pupils the following pictures have been purchased for the schools :

"Pilgrims on their way to church,"	Grammar School
The Bodenhause "Madonna,"	Fowler Primary
"Sistine Madonna" and "The Gleaners,"	Fowler Intermediate
"The Shepherdess,"	East Pittsford

The interest in music continues among the pupils, and the improvement is steady. As for the two previous years, the public library has furnished traveling libraries to the outlying schools, without expense to the town. These libraries are very helpful in the work of the school.

I think that good work is being done in the schools, and that a steady improvement is being made.

HIGH SCHOOL.

June 16, a class of seven was graduated from the High school. The following is the program of graduation :

PROGRAM.

Invocation,	Rev. C. N. Curtis.
Song of Welcome,	G. A. Veazie.
	Sextet.
The Bride of the Adriatic,	
	Dorothy Loretta Browne.
Are the Philippines Worth While ?	
	M. Jerome Fitzpatrick.
Child Labor,	
	Mary Randilla Stevens.
American Ideals,	
	Abel Clinton Brown.
Nature's Education,	
	Emma Lottie Phillips.
"The Red Scarf,"	
	Chorus.
Empiricism,	
	Clinton Crawford Barnes.
Our Struggle for Equality,	
	Arthur Nathaniel Willis.
	Presentation of Diplomas.
"In the Harbor We've been Sheltered,"	
	G. A. Veazie.
	Double Quartet.

GRADUATES.

Latin-English course,	Clinton Crawford Barnes
English course,	Abel Clinton Brown, Dorothy Loretta
	Browne, Michael Jerome Fitzpatrick,
	Emma Lottie Phillips, Mary Randilla
	Stevens, Arthur Nathaniel Willis.

There are at present graduates from the Pittsford High school in the following colleges and other educational institutions: University of Vermont, 4; Castleton Normal School, 2; Middlebury College, 1; Norwich University, 1; Oswego Normal School (N. Y.), 1; Northfield Seminary (Mass.), 1; Hunter College, (N. Y. city), 1; Rutland Business College, 1.

A CENTRAL SCHOOL BUILDING.

Should the town decide to erect a new school building in the near future, the needs for which have been repeatedly set forth in previous reports, I would like to propose for consideration, that a building site be chosen, and a building erected, with a view to making it *in fact* a Central School to which all elementary school pupils east of the Otter Creek may *eventually* be transported in barges owned and controlled by the town. It seems as though Pittsford has an unusual opportunity for consolidating and centralizing its several schools. Perhaps it is too much to expect that all this be done in one year, but I think this plan is worthy of consideration when the matter of the erection of a new building is being discussed.

Ample provision should be made for the high school in the way of recitation rooms, a good laboratory, ample hallways, and toilets, and a room which all pupils remaining through the noon hour may use as a lunch room.

Appreciating the prompt and careful consideration given to matters when brought to the attention of the Board, I am

Respectfully yours,

WINTHROP P. ABBOTT,

Superintendent of Schools.

February 7th, 1911.

Report of Principal.

Pittsford, Vt., Feb. 4, 1911.

To the Legal Voters of the Town of Pittsford:

Gentlemen:

As principal of your High school for the current school year I beg to submit the following report. I have found my work among you most pleasant and I can find no fault whatever with the treatment I have received. The material I have to work with as regards the children sent me cannot be surpassed in any community. In every case they have been right with me in whatever work we have undertaken together. Because we have been so unanimous in our labors together we have been able to accomplish much more than we could have accomplished otherwise. They have reduced my problems of government to a minimum and so we teachers can give our entire attention to other matters.

This year we have put in two permanent courses that have never been given in the High school before, namely : Agriculture and Solid Geometry. We have arranged for and are now giving an entire course of study based upon the Agricultural needs of the pupils of High school age. In years to come the nation will have need of good farmers. The schools are doing almost nothing to supply this need. Instead of supplying healthy, hard-working and thrifty farmers as citizens, most schools are supplying bookkeepers, stenographers, and dry-goods clerks. Perhaps this has something to do with our present high cost of living. When we can convince boys of the superiority of life on the farm over almost any other kind of a life from the points of view of health, happiness and education, even money, we can then hope to have a state to be proud of. Agricultural education is the

only means of bringing this about. Culture is good, but we want the culture of usefulness and not that of idleness. In the pursuit then of usefulness of the agricultural kind we need a bit more of apparatus or at least a place in which to keep the apparatus we ourselves can easily provide. You can readily see that a laboratory even though small, and a chance to study chemistry at first hand would be of the greatest material benefit to our future farmers, and for those who go on to college it is almost a necessity. In everything else we are on a par with the better schools of the state.

In addition to the two subjects mentioned we have felt the need of a great deal more training in rudimentary arithmetic, in spelling and in reading. There is here a weakness in our entire system. We are trying to meet this need by putting in a hard course in common arithmetic and by having daily spelling lessons. We are even having reading lessons in all the English classes. If there is any one thing in all school work that should be emphasized it is reading. I am not exaggerating in the least when I say that the majority of our pupils cannot read.

One thing that is bad for the efficiency of our High school is the youth of most of the pupils entering. They should be kept back in the grades until they have done all that they can possibly do there.

If this is done the later work will not be so difficult. To discourage pupils by working them beyond their capacity is always a mistake and it is dangerous.

In consideration of the fact that we may soon have a new school building I would say that it should be large enough to give room for a commodious laboratory and for a small school library. The school can easily furnish the books for a library if only its preservation can be assured by the town. We need it because we can do so much more efficient work if we have our books at our very elbows when we need them. Working in collaboration with the Maclure library we can also make our reference lists much more complete. At present we have

some 300 volumes that have been gathered together by pupils and teachers and by the aid of \$10 given last year by the School Board.

To vary the monotony of the scheduled work we have had several speakers at the High school during the past year and plans have been made to continue this work in the future.

Among those who have already spoken are Dr. Boardman, Rev. Father J. A. Lynch, Rev. C. H. Smith, Rev. C. N. Curtis, Mr. Rollin Smith, and Mr. John Candon, the last being in the interest of our class in agriculture.

We have also made considerable of debating in our rhetoricals and in the classes in English. Two debates have been arranged with Brandon High school and these will occur early in the spring, one at Brandon and one here at Pittsford. They will be open to the public and will probably be held in the town hall in each case.

At present we have an enrollment of 58. We have plenty of room save in the toilet rooms and halls. Worst of all there is no room for a laboratory of any description. If Pittsford wishes its schools to compare favorably with other schools in the state in this respect a new building is an absolute necessity. If these advantages are provided there will be no question but what Pittsford High school may become an accredited school next year. I have already made application to that effect. This means that our graduates will not have to take examinations for entrance into any of the principal colleges of eastern United States.

We might say in closing that this need of a new building is felt farther than in the High school. Were it not for the congested condition of the lower grades I am told pupils could be kept back for a little longer in the grades and so gain much more from their early years of education. Perhaps the new building could be so arranged as to relieve this crowded condition.

I wish to thank my pupils for all the many good things they have seen fit to give me in the past but most of all for

their willing service and their excellent work. They have been an inspiration to me when things went wrong because I knew that I could always depend upon them. I feel also to make mention of the services of those who have shared in my labors and to whom much of their success is due if they have been successful.

I have found the teachers provided to be all that could be desired in every respect. Our relations have always been the most pleasant and cordial. I only hope that in the future it may be my lot to work under conditions very similar to those in Pittsford even though on the surface they seem forbidding from the material point of view.

Sincerely yours,

S. G. JOHNDROE,

Principal Pittsford High School.

Maclure Library.

Report of the Librarian for the year ending December 1, 1910.

Number of afternoons the library has been open,	200
Number of evenings, " " " " "	98
Number of books circulated,	11,361
Average circulation each day,	57
Average circulation Saturday evening,	47
Average circulation Wednesday evening,	16
Per cent. of fiction drawn,	75
Number of books added to the library by gifts,	
Dr. Walker,	31 vols.
A New York friend,	33 vols.
Miss Eaton,	20 vols.
Other sources,	12 vols.
Total gifts,	96
Purchased with money raised by,	
Mother Goose entertainment,	73 vols.
Library funds,	186 vols.
Periodicals bound,	20 vols.
	297
Total number of books added,	375

The most notable of the gifts is a set of 20 volumes of "Great Events by Famous Historians," given by Dr. Walker. The bindings are fac-similes of some of the most famous bindings in the world.

Begining in the summer most of the fiction purchased has been rented for two cents a day. When the book has earned its cost it is put on the free shelves. This method of raising money has proved successful.

More than 100 worn out volumes have been removed from the library this year, most of them are from the children's room. Owing to careless handling in the homes, the books become badly soiled and worn, and more money is spent to re-

pair or replace books than would be necessary if parents as well as children treated public property with greater care.

Some of the teachers send to the library for books for supplementary reading in the school-room, and one teacher has asked for books to circulate among the families near her school-room. We will gladly make all of the school-rooms outside of the village, centers of distribution if some one will agree to be responsible for the safe return of the books.

Twenty-seven magazines and two daily papers are purchased for the reading room table and the Magazine club, and three more are contributed.

Last winter a printed list of assessments for the year 1909 was issued, and the list of assessments for 1910 will soon be ready. In May a list of Outdoor books was printed.

Last winter the room vacated by the Town Clerk was, by the generosity of Dr. Walker, fitted with new book stacks, table, and chairs, and on February 4, it was opened to the children. It contains 1200 books for young people and no one who visits the library after school hours will doubt that it is appreciated by the children.

We are grateful to Dr. Walker for the new acetylene light which which replaces the old system of lighting by gasoline, and is another one of his many benefactions to the town of Pittsford. Some much needed work has been done on the card catalog by Miss Spafford, an experienced cataloger. This work was made possible partly through the generosity of Miss Eaton.

The year has been a prosperous one. The circulation has been larger than any previous year. The library has been open more hours than ever before, and the use of the library for reference is increasing. The one thing that has not increased is the amount given by the town toward its support.

The library is open to the public every Monday, Wednesday, Friday and Saturday afternoons, from 2 till 5 o'clock, and Wednesday and Saturday evenings from 6:30 to 9 o'clock.

Respectfully submitted,

BERTHA M. SHAW,
Librarian.

Auditors' Report.

To the Tax Payers of Pittsford :

We herewith present you our report as per vouchers received from your various town officers for the year ending January 31, 1911, which we have very carefully audited. •

LIABILITIES.

Bowen fund,	\$ 5,000 00
Treasurer's notes,	13,700 00
Accrued interest,	504 00
Due Town Treasurer,	364 72
	\$19,568 72

RESOURCES.

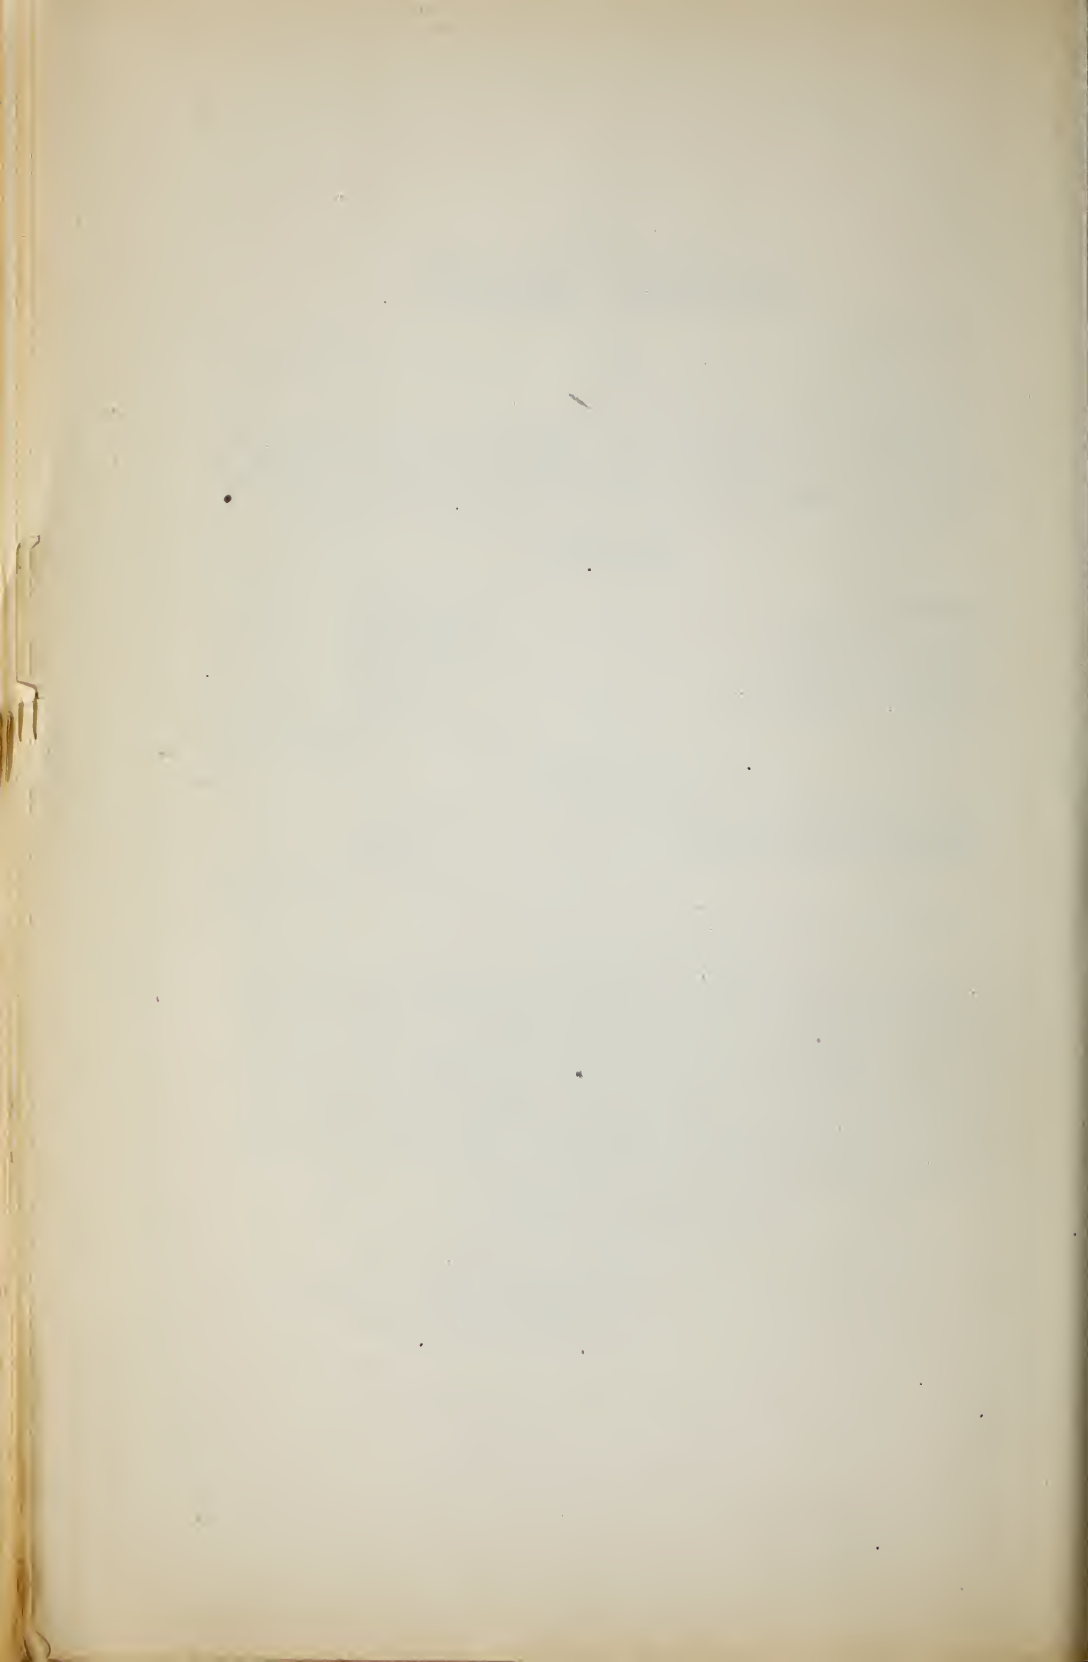

Taxes in hands of Constable,	\$347 84
Rent due on school land,	69 10
	\$ 416 94

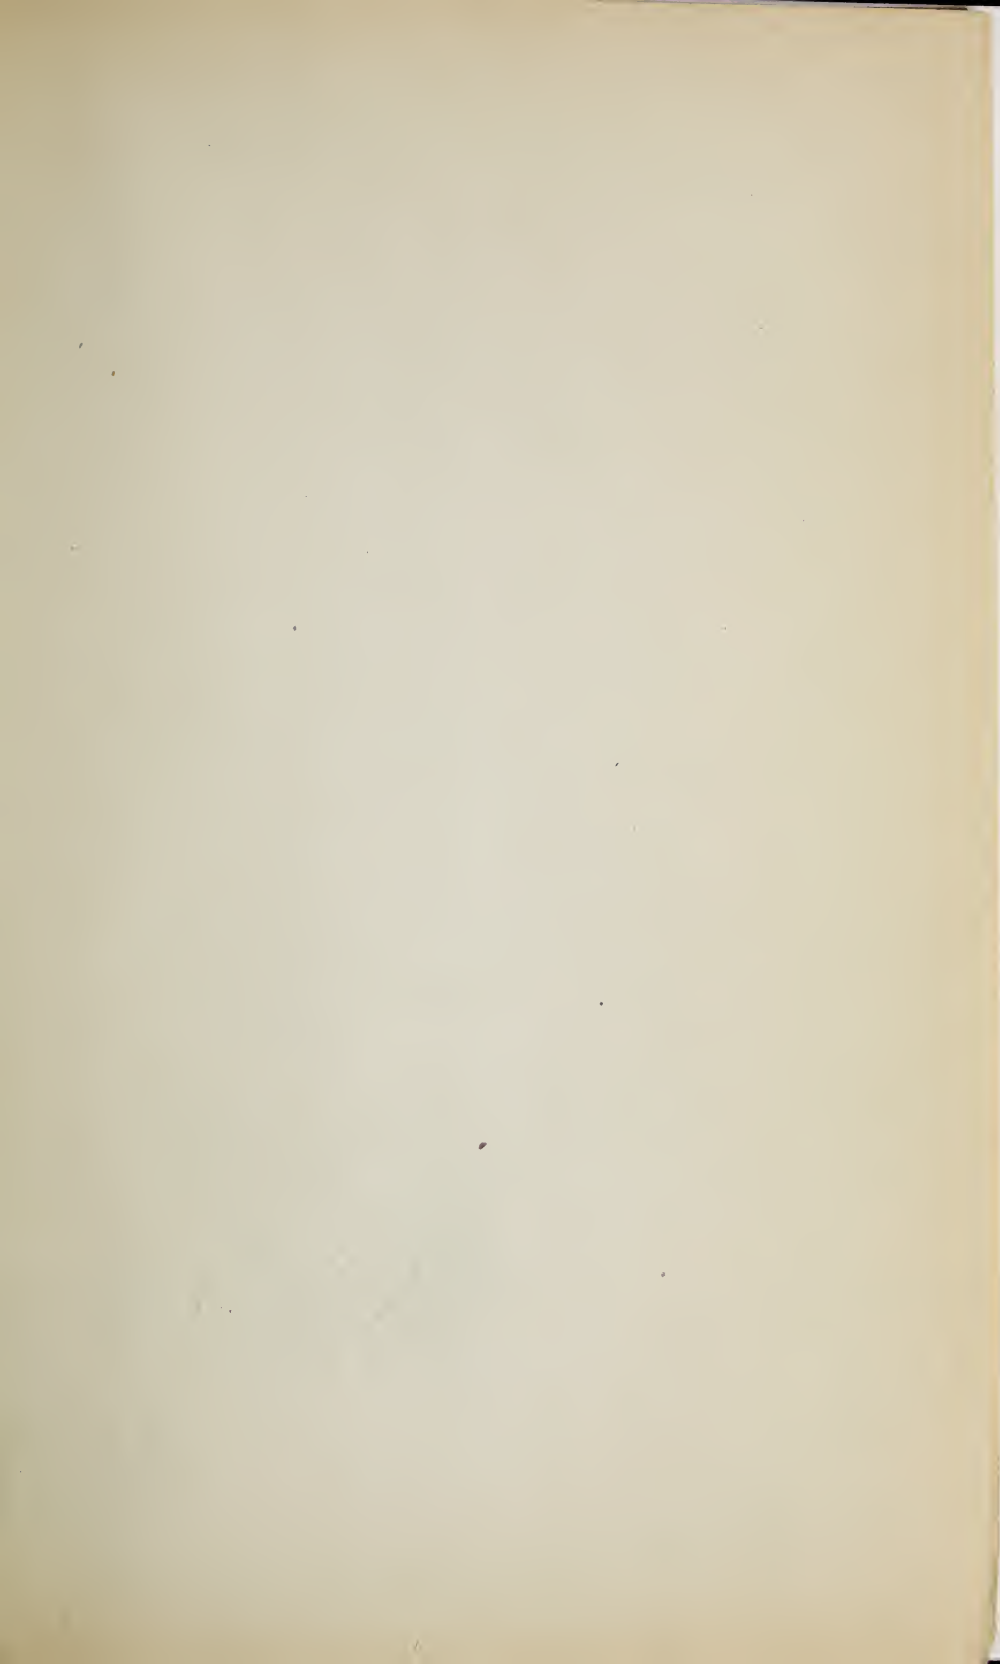

Net liabilities,	\$19,151 78
------------------	-------------

The total debt of the town February 1, 1910 was \$18,686.88, therefore the town debt has been increased \$464.90, instead decreased \$3,500, as we figured one year ago. We have no excuse to offer as the report of our school directors and road commissioner show for themselves. If, our town officers continue to spend the amount spent this year, the voters have got to increase our tax rate to meet same.

Respectfully submitted,

T. H. CANDON, E. A. RANDALL, J. E. MCCORMICK,	}	Auditors.
---	---	-----------

Warning.

The legal voters in the annual March meeting of the Town of Pittsford, are hereby notified and warned to meet at the Town Hall, in said Town on Tuesday, the seventh day of March, 1911, at ten o'clock in the forenoon, to transact the following business, viz.:

Art. 1. To choose a Moderator.

Art. 2. To choose a Town Clerk.

Art. 3. To hear the reports of the Town Officers, and to take proper action thereon.

Art. 4. To elect all necessary Town Officers.

Art. 5. To see if the Town will vote to elect a road commissioner by ballot, or appoint by the Selectmen as provided in Sec. 3426 Laws 1910.

Art. 6. To see if the Town will vote to have medical inspection of the schools of the Town. Act of 1910.

Art. 7. To see what tax said Town will vote, to pay the current expenses of said Town for the year ensuing.

Art. 8. To see if the Town will vote to have all taxes paid into the treasury as provided by law.

Art. 9. To vote, "Shall license be granted for the sale of intoxicating liquors in this Town?"

Art. 10. To see if the Town will vote two per cent. on the Grand List for the running expenses of the Maclure Library.

Art. 11. To see if the Town will vote to appropriate money for the proper observance of Memorial Day.

Art. 12. To see if the Town will vote to take advantage of Sec. 4009 Public Statutes, in relation to the special highway fund.

Art. 13. To see if the Town will vote to take advantage of Sec. 938 Public Statutes, in relation to superintendent of schools.

Art. 14. To receive and act upon the report of the committee appointed at the last annual March meeting to investigate the matter of a new school building in Town.

Art. 15. To see if the Town will vote to erect a new central school building, and if it so votes, to provide for the appointment and the election of a committee with full power to procure by purchase or other legal means, a sufficient location and grounds for such building, also with power by contract or otherwise to erect such building as the Town may authorize, also to determine in what way the Town will provide funds to pay for land which may be acquired and for the erection of a school building: Also to take any further action which may be proper in the premises.

Art. 16. To see if the Town will vote to authorize the Selectmen to borrow money for the temporary use of the Town.

Art. 17. To transact any other legal business.

Selectmen's Report

To the Citizens of Pittsford:

We have, in the discharge of the duties appertaining to our office, endeavored to be as economical as the public good would permit. Owing to the wants of our citizens our expenses are growing larger every year. We have expended more money than usual on our bridges and culverts the past season. The bridge near the station has been replaced by a new concrete one at a cost of \$328 19. More of our culverts should be replaced with concrete as it becomes necessary to repair them. We purchased a new steel grader which has proven to be money well expended, also a strip of land of P. H. Carrigan to straighten out a jog in the line fences at the Town Farm.

Dr. John I. Pinckney, who was appointed Health Officer after Dr. Swift left town, together with the State Board of Health, found it necessary to post the town for the better protection of all and a better control of infectious diseases. At present we are in a fairly healthy condition.

We have drawn orders on the Treasurer as follows:

1911	No.		
Feb. 11	1	M. W. Clifford, lumber	\$ 6 50
Mar. 9	2	J. E. Woodruff, 800 town reports	70 03

G. F. HENDEE,
D. D. HALL,
P. E. MOONEY,
Selectmen.

Lothrop Fund

To the Voters and Taxpayers of the town of Pittsford:

I desire to address you regarding the so-called "Lothrop Fund," about which I understand there has been considerable talk and discussion by some of the inhabitants.

In and by the will of Mr. Lothrop he provided that after the death of his wife, the interest and income of a portion of his estate should be paid to me during my lifetime, and the will then provided that, "If she (meaning myself) should die leaving no issue or descendants of such issue then the said principal shall be paid and delivered to the said town of Pittsford for the support of a higher grade of public schools for the whole town, but the school buildings shall be located and always remain within the present limits of School District Three in said town."

The funds of the trust created under that clause of the will are now under the control of a trustee, appointed by the Probate Court, who has given large bonds, and the funds are safely invested partly in mortgages and partly otherwise, and the fund is yielding to me after paying all expenses including a large amount for taxes paid to this town on the funds, an income considerably in excess of 4 per cent. per year, and I consider the fund absolutely safe.

I have been asked to allow the town to borrow this fund in such a manner that the fund would be freed from all taxes, and the proposition at first was to pay me $4\frac{1}{2}$ per cent free from taxes, but I learned that counsel for the town, as well as my own attorney, gave an opinion that this could not be done, because it is only bonds or notes of a town, issued for certain purposes and bearing not **over** 4 per cent interest that can be made tax free.

I am now asked to allow the town to borrow this fund at 4 per cent, tax free, so that the proceeds can be used in paying for the cost of the new school house.

By loaning the fund to the town at 4 per cent tax free, it would mean a large shrinkage in my income, and it would also mean that the town would lose the income from the taxes paid on the fund, and inasmuch as the town can borrow this amount from others at 4 per cent, issuing its bonds, it would seem better to me to borrow it from others and save the taxes paid on the fund. But it is claimed that by borrowing this fund the town would only have to provide for payment of interest to me during my lifetime, because after my death the town would receive the principal of the fund and so wipe out the indebtedness. I am informed by my attorney that this cannot be done in this manner, because the will provides that this fund must be used for the **"support of a higher grade of public schools for the whole town"** and that this fund **must** be kept as a fund to **support** the school, and cannot be used for paying a debt created for the building of a school house, and I am informed that the attorney consulted by the town, and other eminent lawyers coincide in this view. If this is so the town must provide otherwise for the payment of the school house debt, at my death, and must keep this fund for the **support** of the school, but the income from this fund would of course lessen the amount of taxes to be raised for purposes of supporting schools.

If the town should attempt to use the fund, as has been proposed by some as I am informed, to pay the debt for building the school house, the Court would probably

enjoin such action and require the fund to be used by the town according to the will.

But without further going into this matter, which really does not concern me, because the question cannot come up until after my death, I am willing personally that the fund may be loaned to the town provided the net income to me shall be 4 per cent per annum, paid semi-annually, and such income shall be free from all taxes, charges for services of the trustee, probate fees, etc., and that such arrangement can be **legally** brought about, although it would materially reduce my income, and would also reduce the tax list of the town.

Respectfully submitted,

MAY E. MANLEY.

Report of Overseer of Poor

For Year Ending February 1st, 1912.

The Poor are boarded by the week on the farm by Frank Wozell at \$1.50 a week for adults and 75c. for children under 6 years old.

The following are at the farm:

Julia Rugg.

John Shepard.

Helen Leonard, 32 wks. (at Miss H. Smith's 5 mo.)

Peter Bushey and wife.

Iven Kellogg family (4 adults, 2 children).

John Fuller.

Mrs. Hewitt, 6 wks. (at John Cooley's 19½ wks.)

8 transient lodgings.

Individuals and Families Helped out from Farm.

Albert Pratt and family	\$176 83
Mrs. McKeil	226 94
Mrs. N. Fredette	159 47
Henry Fredette, Jr.	52 00
Peter Fredette	23 88

Geo. Alexander	112 00
Mrs. Steves and family	45 00
John Sweaney, funeral expenses	29 00
Reekert child, funeral expenses	3 25
Joseph Chamboux, grave	3 00
Nellie Lailaze, doctor's bill	24 00

There has been \$406.95 expended in repairs on poor house by order of Selectmen.

The following orders were drawn:

Feb. 1	1	Mrs. E. Alexander, board G. Alexander	8 00
	7	2 Burdett Bros, coal to Mrs. N. Fredette	6 75
	9	3 Frank Wozell, boarding poor	42 58
		4 Miss E. Smith, boarding H. Leonard	6 00
16	5	Mrs. E. Alexander, boarding G. Alexander	8 00
16	6	H. Fredette, Sr., for H. Fredette, Jr.	10 00
22	7	Mrs. B. Skurer, care of Mrs. McKeil	8 00
27	8	Miss E. Smith, boarding H. Leonard and care	10 00
Mar. 1	9	M. J. Bassett, sawing Mrs. McKeil's wood	1 50
	10	J. Casey, wood to Mrs. McKeil, 3 cds	12 00
3	11	M. Connolly, nipple pipe and cap for Farm	1 00
6	12	R. Barnard, burial of Reekert child	2 25
9	13	F. Wozell, boarding poor lodging tramp	12 50
13	14	J. Carrigan, splitting and putting in wood at Mrs. McKeil's	2 50
	15	Miss A. Casey, phone rent from Feb. 1 to Aug. 1	7 50

TRANSPORTATION.

We would like to say a word in regard to the carrying of scholars. Since the present school law (town system) came into effect the school directors have closed five schools. To-day there are scholars in each of these districts who must be kept in school. To maintain those schools at the present time would cost at least \$394 per school, or \$1,970 per year for the five. All of these children are in school, being transported at the expense of the Town at a cost of \$1,008, making a saving of \$962 per year.

ROLLIN C. SMITH,
AMOS D. TIFFANY,
THOS. J. HAGAN,
School Directors.

Pittsford, Vt., Feb. 1st, 1912.

REPORT OF School Building Committee

At the regular Annual Town Meeting of the town of Pittsford, held March 7, 1911, the following action was taken:

Upon motion of Rev. C. H. Smith it was voted that the town erect an eight-room brick school building according to the recommendation of the School House Committee (see printed Town Report for 1911, page 44) to accommodate High, Grammar, Village and Mills Intermediate schools.

Upon motion of A. D. Tiffany it was voted that the matter of School building be left with a committee of five, and the following persons were elected as such committee: Ernest Hitchcock, John B. Candon, John A. Eayres, Jerome E. McCormick, P. E. Mooney.

Upon motion of J. B. Candon Miss May E. Manley was added to this committee in an advisory capacity,

and the committee were empowered to add one more to their number.

Upon motion of Albert Brousseau it was voted that the new building shall be called the Lothrop School Building.

The following resolution, presented by Ernest Hitchcock, was adopted:

“Resolved: That the Building Committee just elected have full power to secure by purchase or otherwise ample grounds for a central school building; that if they are unable to secure by purchase all the land desired, they or the selectmen at their request shall have full power to secure the same by condemnation proceedings as provided by statute. Said committee shall have full power to erect a school building according to the vote of the town, employing an architect to make plans and supervise the erection of such building as the committee may determine, and such committee shall have full power to make any and all contracts necessary or desirable to carry into effect the intent of this resolution.

“Said committee shall have power to make any arrangement they deem to the interest of the town to secure the so-called Lothrop Fund, and if so secured to use such part of the same as may be needed in the purchase of land and the erection of the school building.

“In case the fund is not received, then the town treasurer, with the approval of the selectmen, is authorized to make temporary loans to pay all expenses incurred by this committee.

“The selectmen are authorized hereby to fill any vacancy which may occur on this committee.

“The land purchased hereunder shall be located in old School District Number 3 in the town of Pittsford.”

While motions which failed to pass are not recorded by the clerk, it will be recalled that a motion to limit the amount to be expended by this committee to \$40,000 was voted down by the town meeting.

Under the provision that the committee might add one to their number a difference of opinion arose as to whether the added member would be a regular or only

Maclure Library

Report of the Librarian for the Year Ending December 1st, 1911.

Number of afternoons the library has been open	205
Number of evenings the library has been open	101
Number of books circulated	11,372
Average circulation each day	55.8
Average circulation Saturday evening	49
Average circulation Wednesday evening	18
Per cent of fiction drawn	75
Number of books added to the library by gifts:	
Mrs. C. N. Fowler, Jr.	75 vols.
Dr. H. F. Walker	18 vols.
Mrs. Edward A. Walker	9 vols.
By subscription	10 vols.
Other sources	27 vols.
Total gifts	139
Library funds	137 vols.
Two cents a day rentals	23 vols.
Periodicals bound	18 vols.
	178
Total number of books added	317

The ten volumes added to the library by subscription are the "Photographic History of the Civil War," containing the famous Brady war photographs.

During the past year the library has subscribed to twenty-seven magazines and two newspapers, for the reading-room table and for use in the magazine club. Nine other periodicals have been contributed.

The rental of books of the latest fiction, for two cents a day, is still successful, and since the summer of 1910, when this system was started, fifty-four books have been purchased for this purpose, of which thirty-one have earned the amount paid for them and have been placed on the library shelves.

During the year, Miss Martha Spafford has worked in the library five weeks, doing expert catalogue work. This makes the card catalogue now practically complete.

A list of accessions from January 1, 1910, to January 1, 1911, has just been printed and is ready for free distribution to the patrons of the library.

The work of the library in Pittsford is still growing. The records of the past year show the largest circulation that the library has ever had, and it was open more days than in any previous year. The schools are making good use of the library; books being in constant use by eleven of the public schools in town. Each out-lying school is entitled to ask for one of the school boxes, containing about twenty books, selected by either the librarian or the teacher. These may be exchanged for a new supply, when desired, and Miss Quinsy, the music teacher, is very willing to carry the books to and from the schools.

About four tons of old newspapers and magazines have been brought in, but we can use about sixteen tons more. When a carload is collected, it is to be sold for the benefit of the library.

I think mention should also be made here of a set of books which has just been presented to the library, "The Catholic Encyclopedia," which is being published in fifteen volumes.

This set of books was formally presented to the library at the annual meeting in December, by DeGoesbriand Court No. 1053 Catholic Order of Foresters, and the twelve volumes already out are to be received at the library within a short time.

During Miss Shaw's absence, as librarian, on account of ill health, Mrs. W. E. Denison assisted in the library work during the summer and Miss Edna Phalen has now been doing this work for the past three months.

Respectfully submitted,

MARY T. RANDALL,

(Acting Librarian).

The Bowen Fund

The annual interest on the fund left by the late Mr. Cromwell Bowen, for the relief of the worthy poor, was duly received from the town treasury and paid in small sums to the persons designated by the board of distribution. The orders upon which the money was paid are in the possession of the Trustee, and may be examined by those interested in the matter.

S. K. BURBANK, Trustee.

Pittsford, Vt., Feb. 1, 1912.

Auditors' Report

To the Tax Payers of Pittsford:

We herewith present you our report as per vouchers received from your town officers for the year ending January 31, 1912.

LIABILITIES

Bowen Fund	\$5,000 00
Treasurer's Notes	42,000 00
Accrued Interest	911 00
	\$47,911 00

RESOURCES

Taxes in hands of Constable.....	\$632 57
Rent due on school lands	70 00
Cash in hands of Treasurer	3,636 08
	\$4,338 65

Total debt to date	\$43,572 35
Already paid on new school building	25,155 14

Net debt outside of building \$18,417 21

The total town debt February 1, 1911 was \$19,151 78, therefore the debt has been decreased \$734 57.

We recommend the same town tax for another year with perhaps an increase of 10 per cent on school tax.

J. E. McCORMICK,	}	Auditors.
T. H. CANDON,		
E. A. RANDALL,		

Warning

The legal voters in the central March meeting of the Town of Pittsford, are hereby notified and warned to meet at the Town Hall, in said Town, on Tuesday the 6th day of March, 1912, at ten o'clock in the forenoon, to transact the following business viz.:

- Art. 1. To choose a Moderator.
- Art. 2. To choose a Town Clerk.
- Art. 3. To hear the reports of the Town Officers, and to take proper action thereon.
- Art. 4. To elect all necessary Town Officers.
- Art. 5. To see if the Town will vote to elect a road commissioner by ballot, or appoint by the Selectmen as provided in Sec. 3426 Laws 1910.
- Art. 6. To see what tax said Town will vote to pay the current expenses of said Town for the year ensuing.
- Art. 7. To see if the Town will vote to have all taxes paid into the treasury as provided by law.
- Art. 8. To vote, "Shall license be granted for the sale of intoxicating liquors in this Town?"
- Art. 9. To see if the Town will vote two per cent. for the Grand List for the running expenses of the Machine Library.

Report of Overseer of Poor

The following were at the farm for twelve months:

Julia Rugg.

John Shepard.

Helen Leonard.

John Fuller.

Mrs. Ivan Kellogg, 10½ months.

6 Kellogg children 2½ months.

Mrs. H. Hewitt, 7 months.

Petter Bushey and wife, 10 months.

There were two deaths at the farm: Mrs. Hewitt and Mrs. Bushey.

There has been an unusual lot of sickness among the poor during the past year.

A number of improvements have been made at poor house. It has been painted inside and outside and was plastered almost all through, the piazza roof was covered, also the hen house roof; there has been placed in the house a toilet with an extension on sewer of 50 ft. to connect same;

40 rods of American wire fence have been built: the above improvements cost \$369.88.

The following individuals have been helped out from farm, as follows:

George Alexander			\$104 00
Mrs. N. Fradett and family			127 15
Fred Clifford			71 02
J. Lamphire			2 18
A. Pratt and family			168 00

E. L. BREED, Com.

School Commissioners' Report

During the year, from Feb. 1st, 1912, to Feb. 1st, 1913, we have drawn 555 orders amounting to \$14,624.57. We have paid out to complete the Lothrop School building and for repairs on other school building during the year about \$700.00.

AMOS D. TIFFANY,
THOS. J. HAGAN,
ROLLIN C. SMITH,

Report of Building Committee

To the Voters and Taxpayers of Pittsford:

The committee elected at the annual town meeting in March, 1911, to secure land and erect thereon an eight-room brick school building, herewith make their final report. They completed the Lathrop school building and turned the same over to the school directors about August 1st, 1912.

In addition to the building the committee expended over a thousand dollars for school furnishings, mainly desks, blackboards and curtains. The committee were not specifically empowered to do this and may have exceeded their authority. The furniture however was an absolute necessity before the building could be used and as the school directors had no funds available it seemed best for this committee to make the purchases which were made with the advice of the school directors and superintendent.

It was expected, when this building was authorized, that the expense would not exceed the amount of the Lothrop fund, and it would have been possible to keep the cost within that amount. The committee however were of the opinion that as so large an amount was to be expended in any event, it was wise to add perhaps 10 per cent. to the amount and have a building in every respect permanent and satisfactory. For this reason they put on the best slate roof obtainable instead of a flat roof covered with tar and gravel. For this reason the front entrance was put in on the west side though it added only to convenience and appearance and was not absolutely necessary. A cheaper heating and ventilating plant might have been installed and wooden partitions instead of slate might have been used in the toilet rooms. The committee also spent some seventeen hundred dollars more than was originally intended for land. Upon all these points the committee submit their action to the candid judgment of the people of the town.

The financial statement follows:

REIMBURSEMENTS

T. W. Rogers	\$88 14	
Town for cement	8 40	
G. P. Hitchcock, lumber	90 00	
Pittsford Acq. Co., labor	30 05	
T. A. McCormick, shed	20 00	
Insurance paid on building for 4 years	309 37	
Received for coal	160 00	
Total		\$705 96

Net cost of building, furniture, land etc. \$47,784 29

RECAPITULATION.

Land	\$4,250 00	
Surveying	32 25	
Lawyer's fees	53 62	
Foundation, water and sewer	1,763 76

Building Committee.

Maclure Library

*Report of the Librarian for the Year Ending December 1st,
1912*

Number of afternoons the library has been open	207
Number of evenings the library has been open	105
Number of books and magazines circulated	12,378
Average circulation each day	59.7
Average circulation Saturday evening	46.8
Average circulation Wednesday evening	18.3
Per cent of fiction drawn	74

Number of books added to the library by gift:

DeGoesbriand Court No. 1053 C. O. F.	14 vols	
Dr. H. F. Walker	4 vols	
Norwich University	3 vols.	
Other sources	4 vols.	
Total gifts		25

Library funds (including \$100 given by		
Dr. H. F. Walker)	165 vols.	
By rental of books for 2 cents a day	10 vols.	
Periodicals bound	28 vols.	
		203

Total number of books added	228
-----------------------------	-----

The circulation during the past year was the largest the library has ever had; 12,378, being an increase in circulation of 1,006 over the previous year. The largest circulation on any one day was on Saturday Mar. 16, when 210 books were drawn. More books were sent out on that date than on any other in the history of the library. The smallest circulation was on Friday, Sept. 6, when only 6 books were taken out.

During the past year the library has subscribed to 28 magazines and a daily newspaper for use on the reading-room table and for the magazine club. Nine other periodicals have also been received regularly as gifts.

The librarian has received in fines on overdue books, at the rate of 1 cent per day, \$30.47; for 25-cent book subscription taken out by non-residents, \$4.25; for seven \$1.50 subscriptions to the magazine club, \$10.50; for the rental of books of fiction at 2 cents per day, \$18.93; a total of \$64.15.

Between six and seven tons of old newspapers and magazines have been brought in, and as soon as the amount can be made up to ten tons, they will be sold for the benefit of the library. The committee in charge ask every one to assist in collecting old paper.

A printed list of books added to the library from Jan. 1st, 1912, to Jan. 1st, 1913, has just been printed and is now ready for free distribution.

The library is open on Monday, Wednesday, Friday and Saturday afternoons from 2 to 5 o'clock and on Wednesday and Saturday evenings from 6:30 to 9 o'clock.

Respectfully submitted,

MARY T. RANDALL,

(Acting Librarian).

Feb. 5, 1913.

The Bowen Fund

The annual interest on the fund left by the late Mr. Cromwell Bowen, for the relief of the worthy poor, was duly received from the town treasury and paid in small sums to the person designated by the board of distribution. The orders upon which the money was paid are in the possession of the Trustee, and may be examined by those interested in the matter.

S. K. BURBANK, Trustee.

Pittsford, Vt., Feb. 1, 1913.

Auditors.

WARNING.

The legal voters in the annual March meeting of the town of Pittsford are hereby notified and warned to meet at the Town Hall in said town on Tuesday, the 4th day of March, 1913, at 10 o'clock in the forenoon to transact the following business, viz.:

Article 1—To choose a moderator.

Article 2—To choose a town clerk.

Article 3—To hear the reports of the town officers and to take proper action thereon.

Article 4—To elect all necessary town officers.

Article 5—To see if the town will vote to elect a Road Commissioner by ballot or appoint by the Selectmen as provided in Section 3426, Laws of 1910.

Article 6—To see what taxes said town will vote to pay the current expenses of said town for the year ensuing.

Article 7—To see if the town will vote to have all taxes paid in to the treasurer as provided by law.

Article 8—To vote "shall license be granted for the sale of intoxicating liquors in this town."

Article 9—To see if the town will vote two per cent on the grand list for the running expenses for the Maclure library.

Article 10—To see if the town will vote to appropriate money for the proper observance of Memorial Day.

Article 11—To see if the town will vote to take advantage of Sec. 4009 or amendments thereto public statutes in relation to the special highway fund.

Article 12—To see if the town will vote to take advantage of Sec. 938 public statutes in relation to Superintendent of Schools.

Article 13—To see if town will vote to authorize Selectmen to borrow money for the temporary use of the town.

Article 14—Shall licenses of the fifth class be granted in this town?

Article 15—To see if the freemen will vote to accept or reject the proposed articles of amendment to the Constitution of Vermont.

Article 16—To see if the town will appropriate money for the purpose of lighting any portion of the streets of the town.

Article 17—To transact any other legal business.

D. D. HALL,
P. E. MOONEY
D. D. BURDITT.

Pittsford, February 1, 1913.

Selectmen.
